

**Jill Bristol** is a resident and graduate of Marcellus High School, with a BA degree from Fordham University in Business and Political Science. Married to Jon Bristol, with 3 daughters. Andie (8), Georgia (5), Lucy (8 months), she is currently the HR Manager for McClurg Remodeling, and Chair of the Marcellus High School Boosters Scholarship Committee and recently bribed into the role of youth indoor soccer coach. Loves: a good band at an outdoor venue, some quality time with girlfriends, chasing kids, and a glass of wine on the couch.

**Gary Germain** is a retired attorney whose lifelong love of the outdoors has created a passion for nature. He enjoys hiking, backpacking, and winter sports and believes that the more people learn about nature and the outdoors, the more they will protect and enjoy. Gary has served on the plant sale committee, is a committed member of our A-team of volunteers, and has served on our board as treasurer. This would be Gary's second term on the Board of Directors.

**Mike Hudson** is currently a HR Manager with 20 years of diverse Human Resources experience. He is currently responsible for the development and implementation of strategic talent acquisition strategies for OBG, part of Ramboll. Mike focuses on delivering best practices within the talent acquisition process to enhance OBG's quality of hire and reduce time to fill. Mike also provides HR Generalist support to a 300+ person business unit and is responsible for performance management, employee relations, on-boarding, benefits and compensation. Mike has a BS in Business Administration from Le Moyne College and lives in Baldwinsville, NY.

**Jim Kiesa** and his wife, Alison, have been Marcellus residents for the past 39 years and raised three children in the Marcellus area. They are both retired, but Jim worked at Welch Allyn for 28 years as a sales manager. He joined the A-Team after retirement and thoroughly enjoys working with people who have the same interests/passions that he does. If elected, he looks forward to meeting and working with a new group of people with the same commitment and professionalism as the A-Team. This would be Jim's second time on the Baltimore Woods Board of Directors.

**Samantha Kranes** currently works as a Senior Project Manager at TRC in Liverpool, New York, primarily working on renewable energy development projects in New York State. She graduated from William Smith College in 2008 with a B.A. in Environmental Studies and received her M.P.S. in Ecology from SUNY ESF in 2015.

**Laura McManus** is a Registered Dietitian who practices at Crouse Hospital, and the co-owner of Teaspoons to Tablespoons Family Nutrition. Laura lives in the village of Marcellus with her husband and two daughters. She cherishes the joy, wonder and solitude of nature and looks forward to working with the Baltimore Woods community.

**Teresa McSwain** has been a resident of Skaneateles for 15 years. While her education is in Human Resources, she has worked in a variety of roles including HR, Healthcare practice management, and Hospital Administration. Her and her husband are enjoying raising our four girls, ages 7 to 16, in this community. They have always enjoyed their visits as well as the programs at Baltimore Woods and she looks forward to the opportunity to continue Baltimore Woods Nature Center's mission to educate and promote community stewardship.

**Steve Mooney** has been employed as an ecologist at OBG for over 20 years. His team performs wetland delineation, design and permitting; ecological risk assessment; and various types of environmental sampling and studies. Steve has led bird walks and was on the board here at the Woods when the nature center was under design and construction. Born and raised in Syracuse, Steve lives in the Tipp Hill area with his wife and 2 daughters.
