Paint with Rain

April showers bring... paintings! Let's have fun with the rain and make some art. For this activity you will need paper, watercolor paints or food coloring, and a rainy day.

First thing to do is make a design with the paint or food coloring on your paper. You can paint a picture or just put drops of color on the paper, it's up to you.

Next, head out into the rain! Bring your paper with you and place it on a flat surface where it will get rained on. Wait and see what happens, as it rains the colors in your painting will blend together. How does it look?
