Migration Board Game

Directions: When the weather gets cold, many birds migrate, flying south to warmer climates. Be the first bird to survive migration! Flip a coin-if it lands on heads, move 1 space. If it lands on tails, move 2 spaces. Use buttons, small toys, or pennies as playing pieces to move around the board.

Start

You got confused
by the city lights,
go back 1 space

A cat tried to eat
you, lose a turn

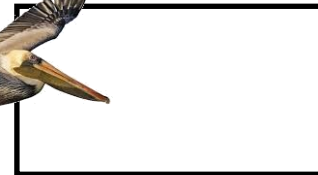

The wind is in your
favor, move ahead
1 space

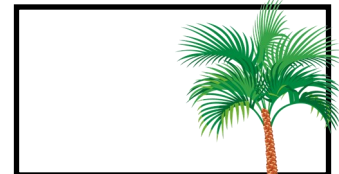

You found a bird
feeder, move ahead
2 spaces

You found a safe
place to rest, move
ahead 1 space

You got caught
up in a storm,
go back 1 space

Finish
