Wacky Weather

Below, fill in the blanks to make a wacky weather broadcast. If you want, you can take your answers and use them as a script to perform in front of your family. The wackier the answers, the more fun! Warning: it may rain hotdogs on Thursday afternoon.

Good morning! I'm your weatherperson and it's your weekly weather forecast! On Monday, it looks like it's going to rain _____. We sure hope it will only rain for a little bit! By Tuesday, the weather will clear up and there will be sunshine and a slight breeze of _____ coming out of the Southwest.

Unfortunately, by Wednesday it looks like severe thunderstorms. Watch out because this is a special kind of thunderstorm that only comes about once every one hundred years, with the clouds being full of _____. On Thursday, the weather will clear up with a slight chance of raining _____. Those with allergies, get your hankies ready because Friday is promising to be beautiful, with sunshine and plenty of _____ in the air. Finally, everyone get ready for the weekend because Saturday is going to be a beautiful day with plenty of sunshine and only a 5% chance of raining _____.
