Water to Bubbles

Mix water with a few ingredients to make bubbles! Use natural materials to build bubble wands too!

Bubble ingredients:

4 Cups of hot water

1 Cup of dish soap

2-4 Tbls of glycerin

Step 1: Gently mix all the ingredients together. Try not to make bubbles when mixing.

Step 2: Leave the bubble mixture for 1-2 hours. Best if left overnight.

Step 3: Enjoy your bubbles!

Wand materials for large bubbles:

2 long sticks (~3-4 ft each)

String– 1 about 3 ft long and one about 4 feet long)

Wand materials for small bubbles:

2 short sticks (10-12 in each)

String (2-2in pieces)

Giant bubble wand

Step 1: Tie the 3 foot long string to the tip of one stick. Tie the other end to the tip of the other stick.

Step 2: Tie one end of the 4 foot long string to the edge of the 3 foot long string. Do the same with the other end of the 4 foot string.

Small bubble wand

Step 1: Tie one 2 in string to the tip of one stick. Tie the other end to the tip of the other stick.

Step 2: Tie the other 2 in string to the other end of one of the sticks. Tie the other side to the end of the other stick.
