Nature in your hands

Video Scavenger Hunt

The Naturalists at Baltimore Woods Nature Center have been making fun nature videos and putting them on our website (baltimorewoods.org). We have made videos about many different plants and animals! For this activity, you are going to go on a scavenger hunt to find some of the plants and animals that we have made videos about. Put a check next to the plants and animals you are able to find, if you can't find them all that's okay!

Salamanders

House Cats

Duckweed

Painted Turtles

Sphagnum Moss

Honeybees

Slugs

Lichen

Millipedes
